

GTA MARKET NOTIFICATIONS

Notice 01 of 2017 • 26 October 2017

TOPIC: Updated GRDC Fact Sheet on Pre Harvest Chemical Use – Market Implications

DISTRIBUTION: GTA Members – primary contact list. Please circulate to all appropriate internal parties.

1. Status Update

- A range of chemicals are registered for use pre-harvest on specific commodities only.
- Market Maximum Residue Limits (MRL) vary by country for these chemicals.
- The GRDC has updated a prior version of a Fact Sheet on pre-harvest herbicide use outlining recent changes to chemicals approved for this use.
- GTA encourages all industry stakeholders to forward this update to all your industry contacts including growers in order to increase awareness and ensure continued compliance with legal and market requirements.
- Thanks to GRDC for updating this important document/message for industry.

2. Further Details
