

Member Update

UPDATE 29 of 18 • 04 October 2018

TOPIC: 2018/19 Location Differentials for SA

DISTRIBUTION: GTA Members – primary contact list. Please circulate to all appropriate internal parties.

1 Issue

The [2018/19 Location Differentials \(LDs\) for South Australia](#) have now been finalised.

2 Amendments to LD's in South Australia

The GTA Location Differentials in South Australia are derived from the Viterra Export Select Rates provided to GTA.

For SA sites where the site is not owned by Viterra, the Committee adopted the same methodology that GTA employs for QLD, NSW and VIC. This methodology uses road distance to port of the particular site, based on Google Maps and a per km rate for the nearest Viterra site adjusted for distance.

SA sites with a port destination in an adjacent state use the same methodology employed in the destination state e.g. Victoria.

The following amendments/additions have been approved for SA:

Elliston (to Thevenard)	Viterra	Removed
Peake	Viterra	Removed, closed site
Warrambooboo (to Thevenard)	Viterra	Removed

3 Amendments to LD's in Victoria and Queensland

The following amendments/additions have been approved for VIC:

Edenhope	Emerald	Removed, closed site
----------	---------	----------------------

The following amendments/additions have been approved for QLD:

Goondiwindi	Carpendale	New site
-------------	------------	----------

4 Effective Date

All GTA 2018/19 Location Differentials are effective from **1 October 2018**.

5 Excel Format

Please send your request for an Excel version of the LD's to admin@graintrade.org.au and include "*Excel Location Differentials Required*" in the subject field.

6 Further Information

For further information about the GTA Location Differentials please refer to GTA Fact Sheet 005 Understanding Location Differentials http://www.graintrade.org.au/fact_sheets

For further information on LD amendments for this season refer to the previously released [Member Update 23 of 18](#).
