

Life Membership of Grain Trade Australia

Preamble

- Life membership is a category of membership recognised in the Grain Trade Australia (GTA) Constitution.
- Life Membership of GTA recognises individuals who have given outstanding or meritorious contribution, service or assistance to the grain industry in Australia through their work in support of or through GTA.
- It should retain its prestige and not be awarded easily.
- The following document details the approved protocols and processes required to bestow life membership.

Eligibility

Nominations are open to current and past members of GTA. In order to be eligible for Life Membership, a nominee must:

- have made a contribution to GTA's work that can be considered outstanding and over and above what might be reasonably expected from employment or voluntary involvement in the organisation;
- have contributed to GTA in the above manner for no less than five (5) years;
- have made a contribution that sets them apart from other valuable contributors;
- holds, in the opinion of the GTA Board, good standing within GTA and the grain industry; and
- not be a current employee of GTA.

Nomination Guidelines

- Nominees are not to be approached for information or advised of their nomination prior to the conferring of the membership.
- Nominations should be lodged using the attached Nomination Form along with supporting documentation.
- The Nomination Form must be completed in full, with both the support of a proposer and a seconder who are financial members of GTA.
- Life Membership may be bestowed on a person at any appropriate time, and is not linked necessarily with that person's retirement.
- Nominations will generally not be considered if more than three years have passed (in the opinion of the Membership Committee) since the primary component(s) of the outstanding service (on which the nomination for Life Membership is being judged). This places the onus on proposers/seconders to act promptly and ensures that worthy recipients are not displaced from the period in which their contributions should be recognised.
- If the Membership Committee considers that insufficient information has been put before it to properly consider the application, the Membership Committee may adjourn its consideration of the nomination until it is given further or better information from the Proposer.

Conferring of Life Membership

- The GTA Membership Committee will consider nominations and make recommendations to the GTA Board.
- The Board will consider and if thought fit approve GTA Life Membership nominations.
- No more than three (3) Life Memberships shall be awarded in one calendar year.
- The decision of the GTA Board is final and no correspondence will be entered into thereafter.

Entitlements

- Life Members will be entered as Members of GTA under the category of Life Member.
- Life Members do not receive member entitlements afforded to financial members of GTA.
- Life members do not have voting rights afforded to financial members of GTA.

Nomination Process

- The GTA Secretariat will issue a call for Life Membership nominations to its membership at least once a year.
- These nominations will be assessed by the Membership Committee.
- The Membership Committee will consider nominations and make recommendations to the GTA Board.

Presentation of the GTA Life Membership

Recipients of the GTA Life Membership will be honoured with:
