Re: Australia-UAE Comprehensive Economic Partnership Agreement (CEPA)

Grain Trade Australia (GTA) welcomes the opportunity to make this submission to the Australia-UAE Comprehensive Economic Partnership Agreement (CEPA).

1.0 About GTA

GTA is a national association and is the focal point for the commercial grain industry within Australia. The role of GTA is to provide a framework across industry to facilitate and promote the trade of grain. GTA facilitates trade and works to provide an efficient, equitable and open trading environment by providing leadership, advocacy, and commercial support services to the Australian grain value chain. GTA Members represent over 95% of all grain storage and freight movements made each year in Australia. Over 95% of the grain contracts executed in Australia each year reference GTA Grain Trading Standards and/or Trade Rules.

GTA has established the Australian Grain Industry Code of Practice. All GTA Members are required to adhere to this Code of Practice. GTA Members are drawn from all sectors of the grain value chain from production to domestic end users and exporters. GTA has over 295 organisations as members. Member enterprises range from regional family businesses to large national and international trading/storage and handling companies involved in grain trading activities, grain storage, processing grain for human consumption and stock feed milling. A list of GTA Members is attached.

2.0 Introduction

The Australian grain industry¹ is a major economic contributor in regional Australia and to export revenue, with annual industry value in 2023/24 forecast (excluding rice) to be a record \$43.6 billion at the farm gate and \$22.5 billion of exports². The grain industry is one of the highest value industries in the agriculture sector contributing more than 52% of Australia's total farm product industry value annually.

The industry achieved record summer and winter production in 2023/24 at 51.2 million tonnes following two prior large crops of 73.6 million tonnes in 2022/23 and 68.0 million tonnes in 2021/22.

Trade is vital for the Australian grain industry and regional communities, with the Australian grain industry being highly export oriented with 65 -75% of grain production exported. The Australian grain industry is well positioned to supply markets such as the UAE. The UAE is Australia's largest trade and investment partner in the Middle East, offering many opportunities for the Australian grain sector.

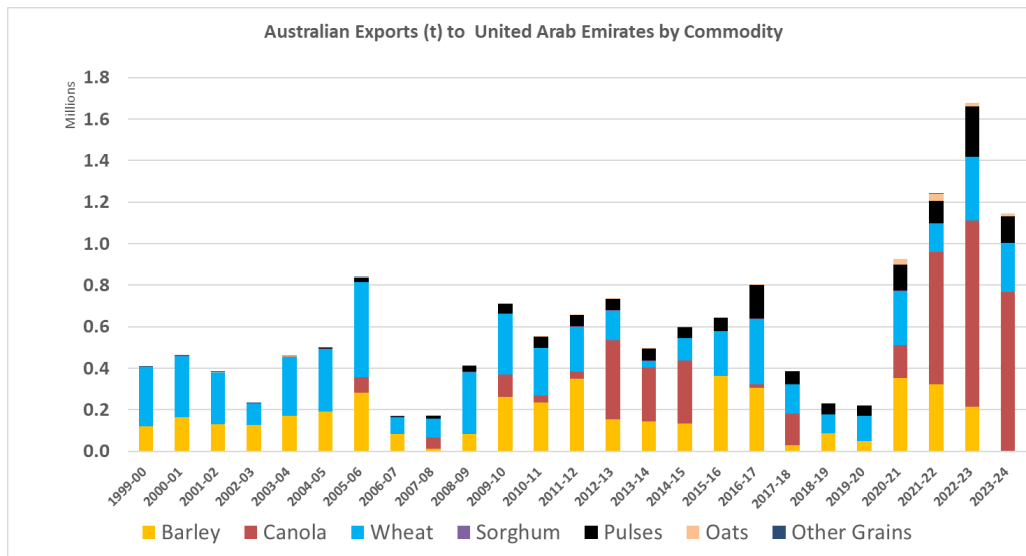

3.0 The UAE – further opportunity for the Australian grain industry

GTA supports CEPA as the UAE-Australia relationship is important for many reasons and CEPA presents a unique opportunity to deepen and strengthen trade and economic ties. The UAE is a significant market for a range of cereal grains, oilseeds, oilseed meals, pulses and other grain products. CEPA has the potential to significantly grow the grain trade to the UAE positively contributing to UAE's grain and food sector.

¹ Grains include wheat, coarse grains, oilseeds, oilseed meals and pulses

Figure 1 – Australian Grain Exports to United Arab Emirates (million tonnes)

Source: ABS

Figure 1 highlights the range and tonnage exported to UAE over the past 25 years. GTA believe there is opportunity to grow both the range and tonnage traded with UAE.

GTA supports a comprehensive and high-quality trade agreement with the UAE that provides improved market access outcomes for grain and grain products.

The CEPA will boost opportunities for the Australian grain industry and support growth and trade opportunities for the UAE. This may include the importation of Australian grain to UAE for transshipment or value adding to the product.

The inclusion of a “sustainability” chapter in the CEPA is considered an important development in evolving FTAs to meet future issues potentially impacting trade. GTA supports this inclusion as it recognises the role that agriculture can play in addressing important global issues such as food security, climate resilience and environmental outcomes. GTA recognising that a sustainable approach should be aligned with the individual country environment and that a 'one-size-fits-all' approach is not supportive to facilitate trade nor support the delivery of global desired outcomes.

GTA also supports the recognition of the role of rules-based and market-orientated agricultural trade in supporting global food security and improved environmental outcomes.

4.0 Conclusion

GTA supports the comprehensive trade agreement between the UAE and Australia which has potential to offer significant benefits for both countries, notably in the agricultural and grain sectors.

The UAE is an existing and important market for Australian grain and the CEPA will further enhance and support trade in this market.

We also believe this agreement is important in supporting/leading further trade cooperation with other Middle East nations, and in helping ensure that free trade agreements are fit for purpose and evolve to meet emerging trade impacting issues such as sustainability.

We thank you for the opportunity to make this submission and congratulate the Government on this important trade agreement.

Please do not hesitate to contact GTA should you have any queries or require any assistance in relation to the CEPA.

Yours faithfully,
