

## 2024-2025 Wheat Variety Master List

### FINAL - August 1 2024 - sorted by Variety Name

**Please note that:**

- the Class indicates the highest possible receival grade available for respective varieties.
- varieties listed in the table below may be protected by Plant Breeders' Rights
- varieties listed with a classification date NA have not been assessed by Grains Australia and are therefore FEED only
- varieties in **ORANGE** are new or upgrades

**Legend**

\* Indicates a default classification, this system no longer in use

(N) after the variety classification indicates APWN classification for Hard Varieties, APW, AH or APH

AIW varieties are anticipated to be traded as single varieties and in a closed loop, unlike mainstream varieties.

XXX Varieties planned for removal from August 2025 Master List

XXX Varieties planned for removal from August 2026 Master List

Varieties with the following formatting have been designated for a change in class in coming seasons, this is for information only and does not come into effect for the 2024 harvest

XXX Class change in 2025 - for details see table below

XXX Class change in 2026 - for details see table below
