Wooden, ACT 2606

Re: PROPOSED CHANGES TO EXPLANATORY NOTES ON ESSENTIALLY DERIVED VARIETIES UNDER THE UPOV CONVENTION

Dear Dr Gardner,

Grain Trade Australia (GTA) welcomes the opportunity to provide input to the inquiry into the proposed changes to the explanatory notes on essentially derived varieties under the UPOV convention.

While GTA is not directly impacted by the proposed changes to the *explanatory notes on essentially derived varieties under the UPOV convention*, ongoing innovation is considered critical for grain industry advancement. Industry participants support change that will provide confidence towards sustainable crop production through increased yields, yield stability, resistance to pests and diseases and tolerances to environmental factors.

1. Grain Trade Australia's Role:

GTA is the focal point for the commercial grain industry within Australia. It facilitates trade and works to provide an efficient, equitable and open trading environment by providing leadership, advocacy, and commercial services to the Australian grain value chain. GTA is non-political, industry driven with a primary **focus to ensure the efficient facilitation of commercial activities across the grain supply chain** including a strong focus on the logistics of grain through transport, storage, and ports.

GTA has over 280 organisations as members ranging from regional family businesses to large national and international trading, storage and handling companies, grain marketers, consumers, and processors.

The vast majority of grain contracts executed in Australia refer to GTA grain trading standards, standard-form grain contracts and GTA Trade Rules. Key national and state producer representative groups are also GTA Members. A full list of GTA Members is attached to this Submission.

2. Support the Revision of the UPOV Explanatory Notes on EDV

GTA and its members understand the importance for Australia and its grain producers to have access to innovative seed technology to maintain and enhance its position within the global trading environment. It is GTA's view **the proposed changes provide greater incentives** for continued and higher levels of investment by seed breeding companies.

The proposed changes provide greater incentives and certainty through increased protection of the rights of breeders and ensure the breeder of an initial variety retains its rights over ownership. These changes are supportive of increased investment by breeders and continued innovation of the seed varieties available to the Australian grain industry, which should assist in the ongoing sustainability of the Australian grain industry.

Thank you for the opportunity to comment on the proposed changes to the Explanatory Notes. Please feel free to contact me if further information or input is required.

Yours faithfully,

Pat O'Shannassy
CEO
