Title: **Review of GTA Location Differentials for the 2011/2012 season**

Update No.: **3 of 11**

Date of Issue: **Wednesday, 9 February 2011**

1 Background

The GTA Transport, Storage and Handling Committee are calling on Members for submissions regarding the effectiveness of the current 2010/2011 GTA Location Differentials (LDs). GTA Location Differentials are valid for 12 months and subject to review annually.

2 Recommendation

In relation to LDs for 2010/2011, the GTA Commerce Committee met on the 2 February 2011. The Committee made the following recommendations:

- *The GTA Commerce Committee could not identify any issues with the current Location Differential numbers at this stage. If further consideration was necessary before the next meeting this would be achieved through a submission to the Transport Storage and Handling Committee.*

3 Review and implementation process

1. Feedback is sought from members on any issues industry feels relevant to the Location Differentials for 2011/2012.
2. Following receipt of member feedback, the Transport, Storage and Handling Committee will consider all issues raised and prepare a final draft of the 2011/12 Location Differentials.
3. Following ratification by the GTA Board, the final Location Differentials will be published on the GTA website and available for industry use.
4. GTA LDS for QLD, NSW and VIC are effective from 1 October each year. The WA & SA Location Differentials will be advised when CBH's Grain Express values and Viterro's Export Select values are published.
5. **All feedback from industry on the above issues must be received by GTA (admin@graintrade.org.au) by COB Tuesday, 22 February 2011. In your email message line please title "Submission – Location Differentials 2011/2012".**
