Title: Nominations for Location Differentials - 2011/2012 season

Update No.: 4 of 11

Date of Issue: Wednesday, 9 February 2011

1. Background

The GTA Transport, Storage and Handling Committee are calling on nominations for all grain storage facilities wishing to receive a GTA Location Differential values for the 2011-2012 season.

Nominations for GTA 2011 2012 Location Differentials will be received no later than **COB Tuesday 22 February 2011**.

2. Recommendation

In light of the 2010/2011 harvest where the industry witnessed the inconvenience associated with the revival of retired storage facilities without Location Differentials; GTA strongly advises storage operators nominate all their Grain Storage and Handling Assets for the purpose of a GTA Location Differential.

3. Frequently asked Questions

Sites currently listed with a GTA Location Differential do not require re-nomination to be listed in the coming season 2011/2012. GTA will assume these sites remain listed.

Only GTA Members are reserved the right to nominate their sites for Location Differentials.

All sites large or small, rail or road, are eligible for Location Differentials.

Sites must also be nominated to be withdrawn from the GTA Location Differential schedule.

4. Review and implementation process

1. Feedback is sought from members on any issues industry feels relevant to the Location Differentials for 2010/2011.
2. Following receipt of feedback, the Transport, Storage and Handling Committee will consider all issues raised and prepare a final draft of the 2011/12 Location Differentials.
3. Following ratification by the GTA Board, the final Location Differentials will be published on the GTA website and available for industry use.
4. GTA LDS for QLD, NSW and VIC are effective from 1 October each year. The WA & SA Location Differentials will be advised when CBH's Grain Express values and Viterro's Export Select values are published.
5. **All feedback from industry on the above issues must be received by GTA (admin@graintrade.org.au) by COB Tuesday, 22 February 2011. In your email message line please title "Submission – Location Differentials 2011/2012".**
