

GTA MARKET NOTIFICATIONS

Notice No. 16 of 21 - 15 November 2021

TOPIC: DAWE—IAN 2021-61 Quota Administration—Application for 2022 Indonesia Feed Grain Quota Reservations

DISTRIBUTION: GTA Members – primary contact list. Please circulate to all appropriate internal parties.

1. Purpose

[Plant Export Industry Advice Notice—To notify interested exporters that applications for reservations of tariff rate quota for feed grains exports to Indonesia open on 1 November 2021](#)

2. Summary of key points

Exporters wishing to access the feed grain tariff rate quota (TRQ) to Indonesia in 2022 must submit a completed Indonesia-Australia Comprehensive Economic Partnership Agreement (IA-CEPA) feed grain TRQ reservation applications from **1 November 2021** the [Quota Administration Unit](#).

Applications can be submitted at any time on or after this date.

The application must include a signed sales contract. The contract must

- include the full name and address of the exporter and importer
- include the importer's reference number and Tax ID number
- be signed by both parties
- include a unique identified/contract reference
- specify the commodity
- specify the total weight and number of consignments
- specify the date range within which certificate applications will be made (maximum range of 2 months)
- Applications will be assessed in the order they are received.
- For the full IAN 2021-61 and more information please visit the departments [webpage](#).

3. Background

The IA-CEPA feed grain TRQ allows access for specified volumes of eligible feed grain to be exported to Indonesia at reduced tariff rates when accompanied by a TRQ certificate. A total of 551,250 tonnes of feed grain is available for the 2022 quota year. The TRQ is administered by the department under a sales contract-based reservation system. Further details regarding products, tariff rates and administration can be found on the [Indonesian feed grain quotas webpage](#).
