Title: WQA Wheat Variety Masterlist

Update No.: 26 of 13

Date of Issue: 9 September 2013

Issue

The final WQA Wheat Variety Masterlist for 2013/14 has been incorporated in the GTA Wheat Standards Booklet and is available on the GTA website for public use at www.graintrade.org.au

Background

It was noted in Member Update No. 10 of 13 - GTA Standards Review and again in the GTA Explanatory Memorandum published on the 6 August 2013 that the final WQA Wheat Variety Masterlist will be incorporated in the Wheat Standards and published for use by industry in early September.

3.2.2 WQA Wheat Variety Masterlist

- a) Revised Annual WQA Wheat Variety Masterlist Review Process
 To simplify the process of receiving advice from WQA on changes to the WQA Wheat Variety Masterlist and to ensure industry has access to the latest classification of each variety; a revised process will be implemented for the 2013/14 season onwards:

Date	Activity
25th July	WQA provides the final draft of the WQA Wheat Variety Masterlist for the harvest season to the GTA Standards Committee: <ul style="list-style-type: none"> The final draft will include confirmed changes from the previous year plus Proposed changes to be finalised for the 1st September
30th July	GTA Standards Committee provides acknowledgement of receipt of the final draft of the WQA Wheat Variety Masterlist to WQA, noting the proposed changes that will be finalised for the 1st September
1st August	The final draft of the WQA Wheat Variety Masterlist is incorporated in the Wheat Standards and published to industry. Notice to industry will include identification of proposed changes to the WQA Wheat Variety Masterlist that will be finalised for the 1st September
25th August	WQA provides the final WQA Wheat Variety Masterlist for the harvest season
30th August	GTA Standards Committee provides acknowledgement of receipt of the Final WQA Wheat Variety Masterlist for the season to WQA
1st September	The final WQA Wheat Variety Masterlist is incorporated in the Wheat Standards and published for use by industry

On the 6th August it was documented in the 2013/2014 Wheat Standards Booklet that:

- The variety 'Lancer' will be named and released in August 2013; and,
- The variety 'Trojan' will be classified in the Southern Zone in August 2013.

The Wheat Variety Masterlist as published in the GTA Wheat Standards Booklet on 6 August 2013 was tabled as below:

Code	Variety Name	Western Zone	Southern Zone	South Eastern Zone	Northern Zone	Classification Year	Review date
529	TROJAN	FEED	APW/AH	FEED	FEED	2013	2023
528	LANCER	APW*	APW*	APH	APH	2013	2023

On the 26th August 2013 WQA provided GTA with the final varietal classification for the varieties 'Trojan' and 'Lancer' as follows. The complete list is available in the GTA Wheat Standards Booklet www.graintrade.org.au

Code	Variety Name	Western Zone	Southern Zone	South Eastern Zone	Northern Zone	Classification Year	Review date
529	TROJAN	FEED	APW	FEED	FEED	2013	2023
528	LANCER	APW*	APW*	APH	APH	2013	2023
