

MemberUpdate

UPDATE 30 of 2019 • 13 September 2019

Release of the 2019 Grain Varietal Code Master List

TOPIC: Standardised Reference Table – Grain Varietal Code Master List

DISTRIBUTION: GTA Members – primary contact list. Please circulate to all appropriate internal parties.

1. Purpose

The purpose of this Member Update is to inform Members of the release of the 2019 Grain Varietal Code Master List.

2. Background

GTA Information Technology Advisory Committee (ITAC) has a focus on the data and transactional areas of the grain industry.

One objective for ITAC is to provide industry Standard Data Reference Tables for common industry data including Varietal Codes for use by Members.

The 2019 Grain Varietal Code Master List is an update of the 2018 List and includes new varieties and some minor alteration to existing varieties. Deleted varieties from the 2018 List can be found at the base of the 2019 List.

3. Standard Reference Table - Grain Varietal Code Master List

Having a Standard Reference Table for grain varietal codes enables GTA Members and industry participants to link existing data to a varietal code reference or a master file, providing a common point of reference.

The 2019 Standard Reference Table is available on [the GTA website](#) and [HERE](#).

NOTE: Any addition/alteration from the 2018 version is indicated in **RED** text.
