

ZOE MURRAY

Wharf Operations Supervisor
Riordan Group

LOCATION

Charlemont, VIC

AGE

27

CAREER GOALS

Zoe is looking to continue developing in her current role and build on her knowledge of the wharf and Riordan operations. She enjoys the work and wants to gain a deeper understanding of all aspects while continuing to learn from experienced colleagues.

Zoe's long-term goal is to progress into a more senior role within the Riordan Group, where she can take on greater responsibility, contribute to the company's success and help support and mentor others in the industry.

WORK EXPERIENCE

As Wharf Operations Supervisor, Zoe manages Riordan Group's Geelong and Portland wharf operations, while supporting its Lara and Portland sites and overseeing the Transport administration team.

Her role includes coordinating export vessel operations, from AO's through to stevedores and the sample stand team, ensuring operations run efficiently and meet quality and safety standards. Zoe also provides day-to-day support and guidance to site staff across grain and fertiliser operations. In transport, Zoe mentors new trainees, helping them build their skills and gain experience across the transport division.

THE IMPORTANCE OF FIVE UNDER 30

Through her participation in Five Under 30, Zoe is looking to offer a perspective many young people don't get to see and to show the range of careers across logistics, exports, quality, storage and ports.

Zoe would like to help showcase these pathways by sharing real experiences and speaking with students and young workers. Zoe believes making the industry more visible and relatable will help attract and retain the next generation of grain professionals. She sees investing in emerging professionals as one of the best ways to support the long-term success of the Australian grain industry.
